■ VOLUME BOOSTERS

Invisible Lift Barrettes

Use Volume Boosters wherever you want lift and volume, to secure hairstyles, or to set hair when damp for fullness at sides and top.

■ EURO HAIRPINS

Gather hair at back of head as for a ponytail. Twist with an upward motion and fold ends under. Secure from the top with one hairpin.

■ WRAP-A STRAND PONYTAIL THREADER

Easy! Make self-holding wrapped ponytails without bobby pins. Just pull ends of wrapped strand through inside of ponytail with threader and remove threader. Make braided wraps, puffy wraps, and more!
