NEWS

You'll steal the show--have lots of adoring fans, be the prize assistant to a busy V.I.P. At this major movie company,--producing today's most highly publicized 'now' films, you'll share the spotlight with him, when the great & near-great movie stars, writers & directors call or come in to the set. Feel free to express your 'awe', but you know the most important thing you can do is--getting it done & on the big screen. That's your cue--assisting your boss, being flexible taking direction like a pro, checking into every detail, organizing the works, handling emergencies when they arise. When the director says 'lights, camera, action' -- you'll know that you've made a hit & scored with a winning team.
